

# Back Support Hardware

	QUAD MOUNT	QUAD MOUNT FIXED	QUAD MOUNT HEAVY-DUTY	DUAL MOUNT	DIRECT MOUNT	DROP MOUNT	XLELLA BARIATRIC
<b>POINTS OF FIXATION</b>	4	4	4	2	4	2	4
<b>DESCRIPTION</b>	Quick-release, compact and highly-adjustable hardware. Default for most Spex backs.	Fixed and compact. Best option for non-removable backs.	Compact and strong. Supports users who apply a lot of force and/or weight to the back support.	Ideal option when extra adjustment in angle and depth is needed.	The most minimal Spex option available. It is non-removable and only allows for width adjustment.	Easy drop-in hardware for active and lightweight back supports.	Bariatric hardware for heavier users.
